Forecast for Tuesday 20 Jun 2023

Weather: Outbreaks of heavy rain arriving through the early hours, gradually clearing during the second half of the morning. Some sunny spells developing during the afternoon, but so too scattered showers. These may be heavy, with the low chance that one is also thundery. Showers gradually easing into the evening with some late sunny spells.

Chance of cloud-free hill tops above 600m: 40% through the morning, rising to 80% by mid-afternoon.

Low cloud and visibility: Cloud bases dropping to 400m under the heavy rain in the morning. Fair-weather and shower clouds largely staying above the summits during the afternoon. Poor visibilities in heavier rain and showers, otherwise good visibilities.

Meteorologist's View

Whilst it may be drier in the afternoon, be aware that slopes and paths may still be slippery following earlier heavy rain, and keep waterproofs on hand in case of any heavy showers.

Recent rainfall: measured at Neuadd: altitude 353m

Recorded at	Last 24 hours:	Last 48 hours:	Last 72 hours:
14:00 on Sun 18 Jun 2023	0mm	0mm	0mm

Forecast for Wednesday 21 Jun 2023

Weather: Patchy low cloud and fog, primarily in the west, lifting and breaking through the morning. A generally dry start with some sunny spells. Scattered showers developing from mid-morning and into the afternoon, potentially heavy and thundery. Showers dying out into the evening to leave some late sunshine.

Maximum wind: 15mph southwesterly winds on the summits.

Chance of cloud-free hill tops above 600m: 60% in the west first thing, rising to 90% by late morning. 90% in the east throughout.

Low cloud and visibility: Patchy low cloud down to 300m on western slopes in the morning, lifting and breaking through the morning. Fair-weather and shower clouds largely staying above the summits during the afternoon. Largely very good visibility, but dropping to moderate or poor in any early fog patches or afternoon showers.

Temperature: **Valleys:** Plus 12 Celsius, rising to plus 22 Celsius.
At 600m: Plus 10 Celsius, rising to plus 15 Celsius.
Freezing level: Above the summits.
